

Asylum seekers and refugees identities

We all have images in our head about specific groups: this helps us to make sense of the world when it's impossible for us to know every individual within that group (i.e. all women, all Americans, all policemen).

This person is an asylum seeker or refugee. Give her/him life by providing her/him with a history and an identity.

Inside the person, write words that convey how s/he is feeling: thoughts, emotions, memories, etc.
On the outside of the figure, write words that illustrate events, situations, environments that impact on her/him.
